

Uncoated Millennium™ Recycled Board

Uncoated Millennium™ Recycled Board is a 100% recycled, uncoated paperboard featuring high strength characteristics and a clean, brown surface with a smooth top side for multi-color printing. Uncoated Millennium is an ideal alternative to Uncoated Unbleached Kraft for folding carton applications where a natural look is desired.

Qualities:

- 100 percent recycled
- 2:1 stiffness ratio
- Clean, brown surface with smooth top suitable for multi-color printing
- FDA-compliant for direct contact with most dry, aqueous and fatty foods

Best suited for:

- Folding carton applications
- Large club store packaging applications
- Product packers, drink carriers, bakery and other applications

Environmental attributes of RockTenn Recycled Board:

- 100 percent recycled fiber with an average of 35 percent post-consumer content
- Requires 70 percent less total energy and 90 percent less water to produce when compared to similar substrates
- URB is recyclable* - and is the most recovered packaging material in the U.S.

*Packaging may not be recyclable in your area.
